

INTEGRATION & PRIVATE TABLES

Full branded environment
without high investments

Through web services/API you can integrate our games in your existing platform. The private table solution allows the operator to create its own live game experience customizing one of Medialive live tables in Malta.

KEY FEATURES

Branded tables and virtual background
thanks to blue screen technology

Table opening hours and table
limits changeable on the fly

Integration with your odds feed
to push cross-selling

Enhanced players interaction
(private chat, ban list, vip alert)
